HOSEPIPE BAN IN YOUR AREA

For the first time in 50 years, we've introduced a temporary hosepipe ban for households in the Wessex Water region following months of unprecedented dry weather.

Please do not use a hosepipe for activities including:

- Watering plants
- Cleaning vehicles, windows, walls or patios
- Filling swimming pools, paddling pools or fountains

Some customers and activities may be exempt from the ban. For a full list of restrictions and exemptions, scan the QR code or visit **wessexwater.co.uk/hosepipe-ban**

Thank you for using water wisely.
